

POWER BY PEOPLE

David Kolsrud

*Ethanol board member
and investor*

"It was the summer of 1995.
If we were going to sustain our
family farms we were going to
need to invest together.

ACE represents the grassroots
owners of ethanol. Individuals
who put their commodities and
their cash where their mouths are.

As an advocacy group they are
accessible, knowledgeable, and
credible. They are products of the
very communities they represent."

*Join ACE today and unite with
the people of ethanol. ethanol.org*
